

We are currently offering a job in the position of

SENIOR SPECIALIST TECHNICIAN

The main duties include:

- Being responsible for proper configuration, updates, maintenance, monitoring and continuous readiness of network devices (routers, switches);
- Administration and configuration of Cisco Collaboration Services CUCM/CME/CMS (Cisco Unified Call Manager, Call Manager Express, Cisco Meeting Server) and Polycom solutions;
- Participating in projects related to reconfiguration and modernization of LAN infrastructure (including cooper lines, FO lines and coax lines) and making proposals for replacement/purchase of voice, communications and video teleconference equipment in order to ensure appropriate quality and reliability of services;
- Supporting users with providing assistance in the area of responsibility (VoIP telephones and videoconferences);
- Acting as a secondary technician maintaining, repairing and supervising HQ cable TV system;
- Analysing and supporting the process of carrying out the procurement/purchase of hardware and software in the area of responsibility.

Candidates should meet the following requirements:

- University degree in Information Technology, Computer Science, Communications or related discipline or minimum 3 years working experience in aforementioned area;
- Good communicative command of English (written and spoken);
- Being motivated IT network specialist in system integration or having comparable training in a similar field with initial professional experience;
- Having experience in managing network devices and identify basic security threats;
- Being familiar with network components, such as switches, routers, and wireless local area network (LAN) controllers;
- Being familiar with Cisco Collaboration Services and Polycom;
- Having a very basic knowledge of PABX telephony system.

We are offering:

- Full-time (stationary) job with an employment contract;
- Pleasant working conditions in a multinational environment;
- Challenging job with many development opportunities within a high-performance team;
- Working in an employee-oriented company;
- Employee's benefit package: 13th salary, Social Fund, group insurance, private medical care, additional 4 days of leave, unlimited access to internal gym, sports, language courses and social events;
- Opportunity to increase your professional skills (courses, trainings) in NATO schools (Portugal, Belgium, Germany) and also in a private market.

How to apply?

If you are interested, please send us your application in English (marked as Senior Specialist Technician) including your CV and cover letter until 28th FEBRUARY 2025 to the following e-mail address:

HR@mncne.nato.int

Please be also aware that the employed person will be obliged to fill in a very detailed questionnaire to be able to obtain the required Security Clearance certificate.

Please be informed that we are going to contact only selected persons.

You are kindly asked to enclose the following statement in Polish:

„Wyrażam zgodę na przetwarzanie moich danych osobowych dla potrzeb niezbędnych do realizacji procesu rekrutacji zgodnie z Rozporządzeniem Parlamentu Europejskiego i Rady (UE) 2016/679 z dnia 27 kwietnia 2016 r. w sprawie ochrony osób fizycznych w związku z przetwarzaniem danych osobowych i w sprawie swobodnego przepływu takich danych oraz uchylenia dyrektywy 95/46/WE (RODO).”
